6. Strategic Environmental Assessment

The current situation regarding whether we are required to produce SEA documentation or not is completely unacceptable.

The summarised timetable to date is:

Initial Screening Document to BDC	25/03/16
Decision that SEA submittal was required (misinterpretation by NE)	25/07/16
Decision by NE that no SEA submittal is required	14/12/16
Information from BDC to ignore NE decision.	05/01/17

We have now raised this to a higher level of BDC management and await contact to arrange meeting to resolve the situation.

7. JNP Development Timetable

A copy of the current schedule was tabled and will be attached to these Minutes.

Submittal of Draft Plan proposed date is 27th March 2017.

Proposal is to commence Formal Consultation Period from 3rd April, allowing 7 weeks to accommodate public holidays,

This will be dependent upon the final outcome regarding SEA requirement, however all were in agreement to proceed with development of the Plan in all other respects.

8. Any Other Business

I. Andrew advised the meeting that he was prepared to proceed with applying for additional funding. This was accepted by all.
